Large Project – On Time

Washington

I-5 Everett HOV Expansion Project

Large Project – On Time

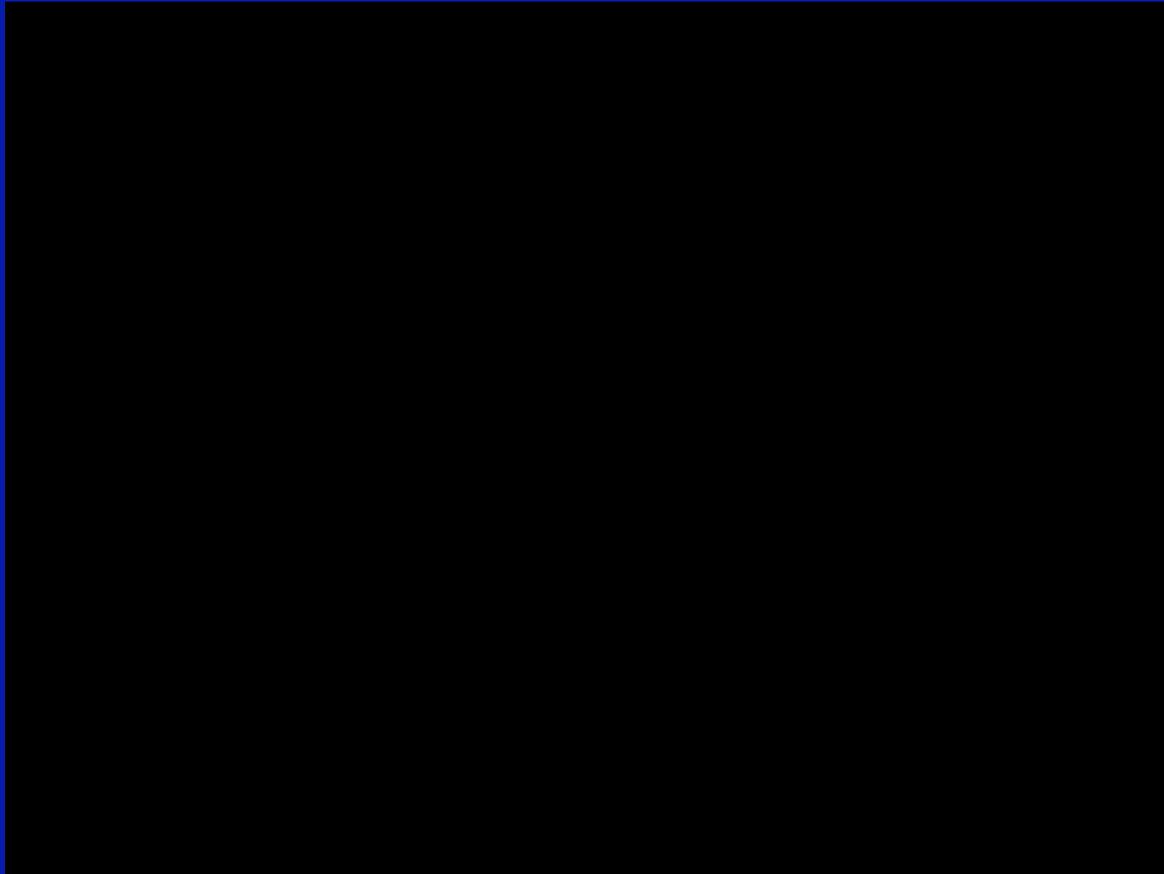

Oklahoma

SH-20 Keetonville Hill
Reconstruction Project
Rogers County, OK

“The expeditious response of the DOT engineering and planning staff brought about a positive ending to what could have been long-term transportation gridlock for the residents of Rogers County on both sides of the Verdigris River.”

Small Project – On Time

Oregon

Elk Creek Project
Elkton, OR

AMERICA'S
transportation award
Winner

The logo for America's Transportation Award Winner is contained within a white oval on a blue background. It features the text "AMERICA'S" in red, "transportation award" in blue, and "Winner" in blue. A red star is positioned to the right of the text, with a red swoosh above it.

“The best thing I can say about the project is that we didn't feel much impact at all – the biggest impact is that the road is better and the bridges are safer.”

Medium Project – On Time

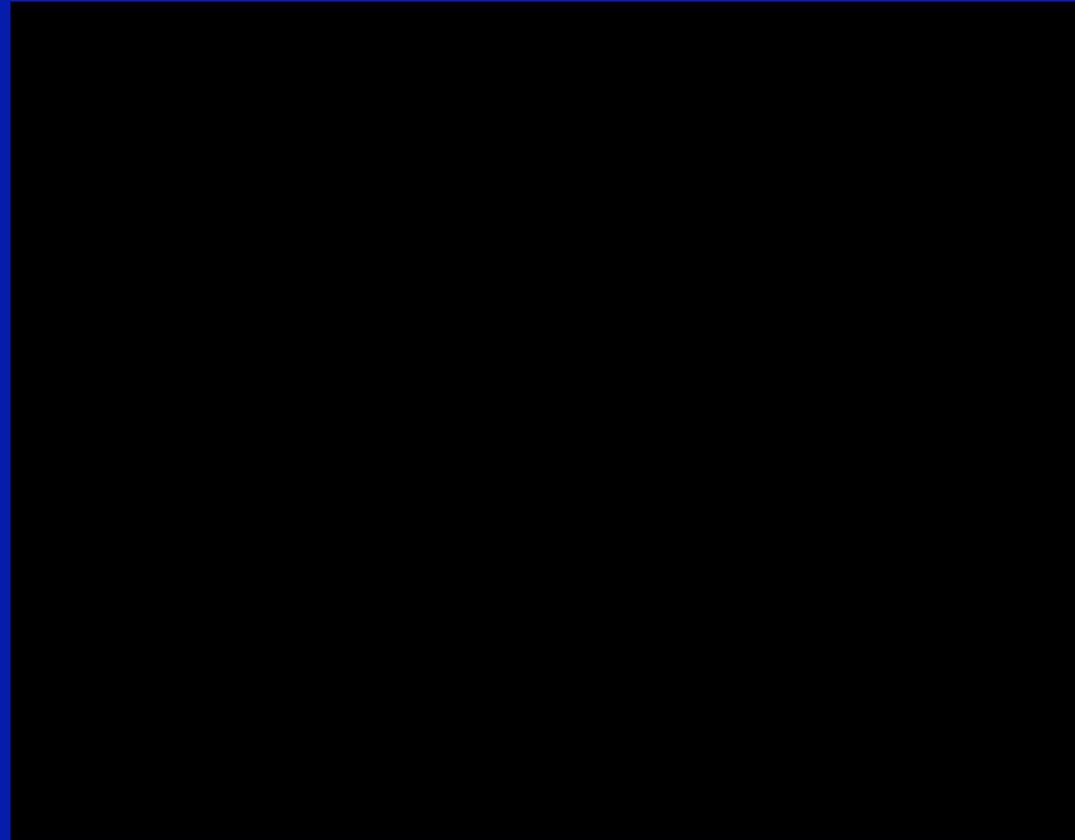

California

I-15 Express Lanes
(Middle Segment) Project
Escondido, CA

*"I love it! It made
the driving a lot
easier."*

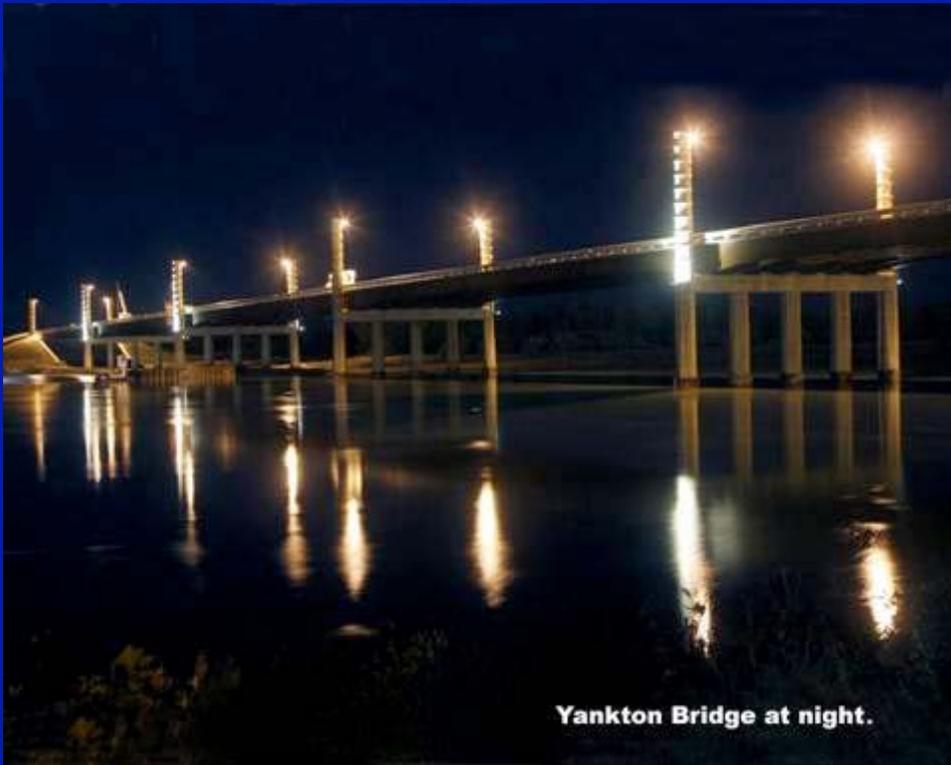

Large Project – On Time

On Budget

- **Demonstrates**

- Transportation efficiency
- Agency economic and fiscal health
- Greatest cost savings to users

Yankton Bridge at night.

Nebraska

Yankton Bridge Project
South Yankton, NE

AMERICA'S
transportation award
Winner

“The entire project is a tribute to dedication, perseverance and commitment to quality by NDOR and others involved. The Discovery Bridge is a source of great community pride and is a new identifying area landmark.”

Small Project – On Budget

Oklahoma

I-235 Oklahoma City
Interchange Project
Oklahoma City, OK

AMERICA'S
transportation award
Winner

“The incredible quality of the project combined with its completion ahead of schedule and budget makes it easy to recognize that this was truly a success for everyone involved.”

Medium Project – On Budget

Innovative Management

- **Demonstrates**
 - Use of technology
 - New policies or procedures
 - Enhanced movement of people, goods and services
 - Increased transportation efficiency and choices
 - Improved safety, accessibility and traffic management
 - Enhanced community life

Colorado

Wildlife Detection System Project
Btw. Durango & Bayfield, CO

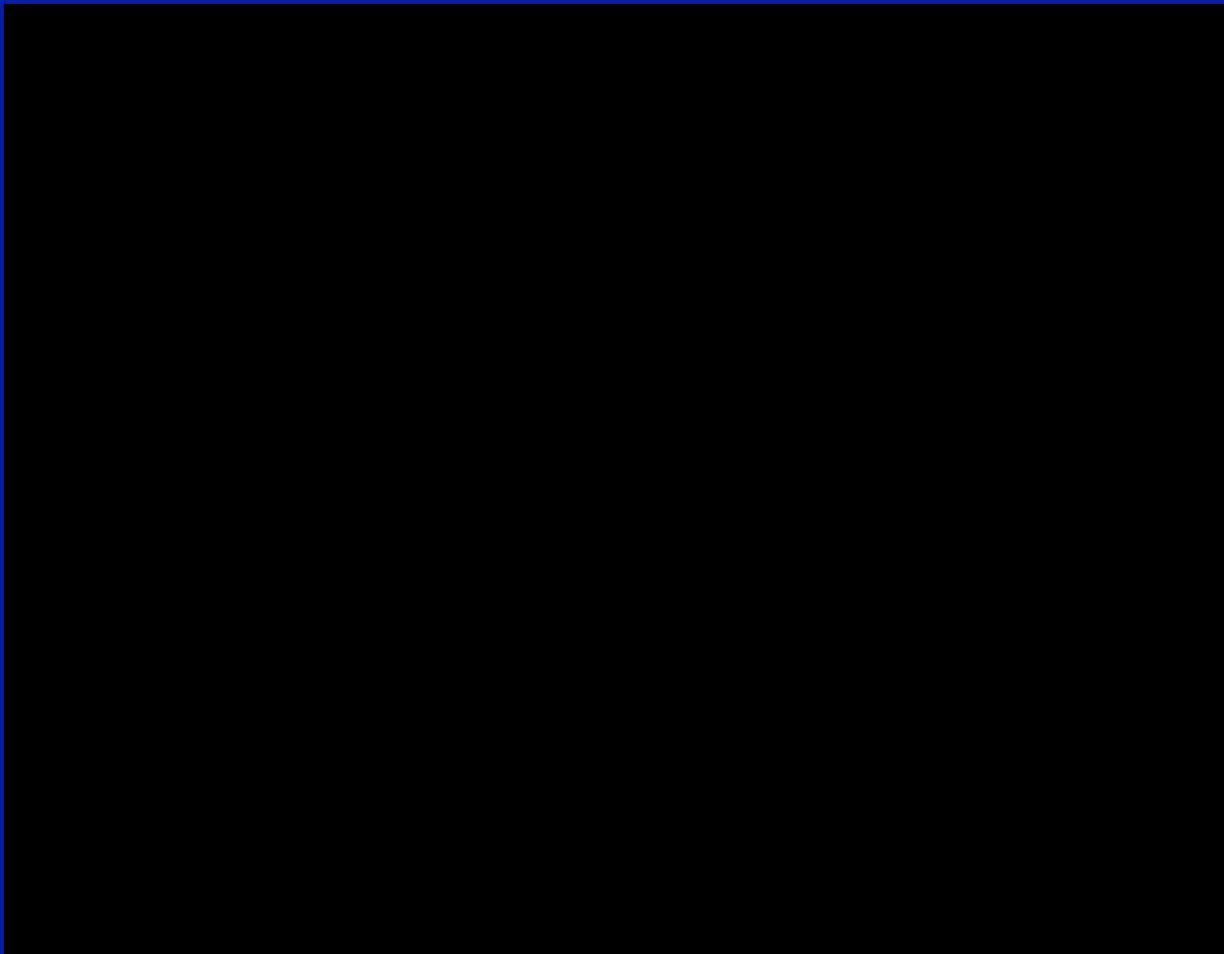

*“If the new
wildlife
system saves
one life or one
person from a
collision with
an animal it is
worth
implementing
the system.”*

Small Project – Innovative Management

California

Fix I-5 Sacramento Project
Sacramento, CA

“The success of the campaign in virtually eliminating traffic delays, supporting local business activity, and turning critics into fans on such a limited budget cannot be overstated.”

Medium Project – Innovative Management

Utah

Legacy Parkway Project
Davis County, UT

“The Legacy Parkway should be a new model of how government agencies work with the public to provide balanced transportation needs while protecting quality of life and the environment.”

Large Project – Innovative Management
